Walls are of the utmost importance in any room, with plenty of attention spent choosing the [perfect paint color](#), wallpaper, and artwork. Don't forget to look up, though! Ceilings offer plenty of visual interest, especially when you're lucky enough to have vaulted ceilings.

Not only do vaulted ceilings provide extra vertical height, allowing a room to feel larger than it is, but they also offer the opportunity to punch up their personality with beams, shiplap, and pendants.

Whether you're considering a [home renovation](#), are constructing a new house, or wondering how to outfit your current vaulted ceilings, scroll on for 30 vaulted ceiling ideas that are sure to inspire.

24 Lean Into the Grandeur

of 30

Vaulted cathedral ceilings add vertical grandeur to any space—including this high-to-the-sky home. By elevating these ceilings, [PJCArchitecture](#) achieved a dual benefit: the interior space maintain a sense of airiness and lightness, while also establishing a connection between the indoors and out through strategically placed skylights.
